TO WHOM IT MAY CONCERN

28 April 2004

**Reference for H Johnson & Co Pty Ltd of Matraville**

This firm has carried out monument restoration works for Council over the past twelve months at St Patrick's Cemetery, North Parramatta.

The work involved extensive repairs and re-erection of fallen and damaged sandstone headstones and altar tombs.

A second stage of work is currently nearing completion.

The overall project involved 19 items at a cost of approximately \$50,000. This was partly funded by the NSW Heritage Office.

I have overseen the project for Council in close consultation with our consulting heritage advisor Ms Siobhan Lavelle.

Throughout the course of the project I have found Anthony Renowden and his staff at H Johnson & Co Pty Ltd very professional, co-operative and a pleasure to deal with.

They carried out the work with care and close attention to detail and were helpful in suggesting alternative methods of repair when such issues or problems arose.

I would recommend this firm to other bodies who require similar works or other general monumental masonry services.

I am also happy to expand on this information if required, and may be contacted on 9806 5720 or 0414 980 717.

Yours sincerely

Neville Davis  
**Open Space Planning & Development Program Manager**
